November 16th Meeting - Slab Making Workshop

Meeting at Wethersfield Community Center at 7:00PM

Geof will lead this workshop on one of the methods to make your own slab. Anyone wishing to make a slab should bring a piece of Melamine board or a finished piece of plywood. Plywood would need a coat of polyurethane or wax to prevent the cement from adhering to the wood. Either of these can be purchased at Home Depot or Lowes. A piece of Melamine 3/4" x 11 3/4" x 36" is just \$7.67 at Home Depot. Other sizes are available. Any size slab can be made but just remember you need to carry it home and it needs to be laid flat as the cement will still be wet. Geof will bring the cement and the hardware cloth to set in the cement. Geof has one that he has already made is donating this slab to be raffled off at the meeting
