

Hi All

Our October Meeting will be held on October 19th at the Wethersfield Community Center, 30 Greenfield St, Wethersfield, Ct. Time will be 7:00pm - 9:30pm. Rex Mark will be on hand and give a talk on pest and disease and how they effect bonsai material. He will also discuss the usage of chemicals in the treatment. Members are encouraged to bring in trees they have designed. Each person will tell something about their tree and design and as a group we will discuss the pros and cons. Hopefully it will be a good learning experience for all. There will be a brief discussion of winter storage also.

Refreshments for the month : Julia, Josie and Bruce F
